DEAR COLLEAGUES,

Green Hasson Janks is excited and honored to be hosting the 2019 HLB Asia Pacific Conference for the first time ever in Los Angeles on June 17-20 (as well as an optional 5th day with Seiler LLP in Northern California). This event will focus on the power of cross-border collaboration and will bring together HLB leaders from around the world. We look forward to an engaging event discussing relevant economic trends and hot topics in the accounting sector.

The theme of the conference is “Together We Make It Happen: The Power of Cross-border Collaboration” and will focus on innovation and opportunity. This will include both domestic and global speakers covering a variety of topics. This year’s event will be a platform for innovative business insights, fresh ideas and new peer relationships.

Managing partners, partners and senior staff members of HLB affiliated firms will gather in the vibrant city of Los Angeles, and our international leaders will be able to enjoy everything this iconic Southern California city has to offer. From the glamour of Hollywood to the VIP shopping in Beverly Hills to the beautiful beaches of Malibu and Santa Monica, L.A. has a variety of activities to offer you.

Please find attached the registration details for the 2019 HLB Asia Pacific Conference and visiting information for your stay in California. Every day accounting firms have the chance to work together to create innovation and employ technology to cultivate new opportunities across the globe. We look forward to your valuable input and your participation!

Sincerely,

Tom Barry
Managing Partner, Green Hasson Janks

ABOUT THE CONFERENCE

Every year, HLB’s Asia Pacific members gather to discuss current trends in accounting and business opportunities in the Asia-Pacific region.

For the first time, the conference will be hosted this year in the U.S. by Los Angeles-based Green Hasson Janks. The theme of the conference is “Together We Make It Happen: The Power of Cross-border Collaboration” and will focus on innovation and opportunity. This conference will include both domestic and global speakers covering a variety of topics.

DRESS CODE
The dress code for the meetings is smart casual.

VISA REQUIREMENT AND REQUESTS
Residence of countries outside the United States may require a visa for entry in addition to a valid passport. It is advised that you apply for a tourist visa rather than a business visa as this is less complicated and is a simple formality. Length of time to acquire a visa depends on individual countries but you are advised to apply for this well in advance of the conference.

Please check with the consulate for entry requirements or with your professional travel advisor. You may also visit online at https://travel.state.gov/content/travel/en/us-visas/tourism-visit/visitor.html

If a formal Invitation Letter is required when applying for a travel visa, send your inquiry to our Conference Planner Margie Osorio at mosorio@hlbusa.com.

REGISTRATION DEADLINE
Please fill out the registration form and return to Conference Planner Margie Osorio at mosorio@hlbusa.com by Friday, May 10, 2019.

CLIMATE
CLIMATE

LOS ANGELES CLIMATE

While exploring Los Angeles’ climate is a Mediterranean climate with mild-to-hot dry spring and summer. Temperatures average 23 to 28 degrees Celsius (high 70s to low 80s Fahrenheit) in the day with nearly always sunny days, while evenings are also pleasant cooling off to around 16 degrees Celsius (low-to-mid 60s Fahrenheit). Since the climate is dry, temperatures can fluctuate significantly from day to night, so it is advisable to bring a sweater or jacket to evening events.

SILICON VALLEY CLIMATE

The conference will be located on the peninsula the region between San Francisco and San Jose, closer to San Jose. Summers here are warm and dry with cooler foggy mornings and evenings. Temperatures average around 18 to 20 degrees Celsius (high 60s Fahrenheit) during the day with mostly sunny days, while evenings average cooler temperatures around 11 degrees Celsius (low 50s Fahrenheit). With mostly foggy mornings and evenings, it is advisable to bring a jacket for cooler temperatures.

SAN JOSE MUSEUM OF ART
The San José Museum of Art celebrates new ideas, stimulates creativity and inspires connection with every visit. Welcoming and thought provoking, the Museum delights visitors with its surprising and playful perspective on the art and artists of our time.

SJMA is a leading showcase in the Bay Area for modern and contemporary art. The Museum has earned a reputation for its fresh, distinctive exhibitions, which are conceived to engage Museum visitors of various ages and cultural backgrounds. Through its exhibitions and programs, SJMA addresses major trends in international contemporary art, architecture, and design, with an ongoing commitment to also place the work of California artists in national and international context. The Museum strives to make significant contributions to art-historical scholarship; address prescient issues of interest to the general public; and offer programs that reflect the rich diversity of its communities. The Museum presents nine to twelve exhibitions each year, including one-person and thematic group exhibitions that include a range of artworks, from traditional painting to exploratory new-media installations. Given its location in the heart of the high-technology culture of Silicon Valley, the Museum has a substantial commitment to new work in new media, as well as to initiating special projects and commissions that reflect issues of importance to its communities.

WINCHESTER MYSTERY HOUSE

The Winchester Mystery House is one of San Jose's stranger historical landmarks. It is the former property and private residence of Sarah Lockwood Pardee Winchester, the widow of William Wirt Winchester and heiress to much of the Winchester Repeating Arms fortune. Mrs. Winchester moved to California after her husband’s death, bought a sizeable farmhouse in San Jose in 1886, and began a series of renovations to the property in that only ended when she died in 1922. Mrs. Winchester is believed to have been extremely superstitious, and built many odd features into her house over the years.

This curious mansion – and its history – is a favorite for locals and paranormal enthusiasts, with tours offered daily.

### ADDITIONAL ATTRACTIONS

**SAN FRANCISCO**

About 30 miles north of the heart of Silicon Valley lies beautiful, world-famous San Francisco with a number of attractions. If you intend to spend additional time in San Francisco, please note that travel from Silicon Valley to San Francisco can take at least one hour or more than two hours by car (depending on traffic), and we would strongly recommend making separate hotel arrangements in San Francisco to enjoy the sites there.

The distance between the Pullman Hotel and San Francisco downtown would not make the Pullman a practical location to stay for a multi-day San Francisco vacation.

If you are planning on spending time in San Francisco, would recommend consulting the Pullman concierge staff or another tourist agency to explore your many options. Some of the City’s most famous attractions include:

- Alcatraz Island
- Asian Art Museum
- California Academy of Sciences
- de Young Museum of Fine Art
- Exploratorium Children’s Museum
- Fisherman’s Wharf / Pier 39
- Golden Gate Bridge
- Legion of Honor Museum of Fine Art
- San Francisco Museum of Modern Art
- San Francisco Zoo
- The Walt Disney Family Museum

### VISITING GOOGLE

We often get requests to take a tour of Google. Unfortunately, this is not possible as the only way to access Google campuses and buildings is to be escorted by an employee. This is common for all of Silicon Valley’s tech company giants, as security is tight. However, there are several other Silicon Valley Tech company campuses and landmarks to visit in the area.

### INTEL MUSEUM

Go behind the scenes in the high-tech world of California’s famed Silicon Valley. See what it’s like inside an ultra-clean, highly automated silicon chip factory, and connect with technologies that give us new ways to work, learn, play, and communicate. The Intel Museum is 10,000 square feet of fun, interactive learning for children and adults.
